SUMMARY

BS Computer Science student building practical skills in data analytics and machine learning through coursework and hands-on projects. Completed the Google Data Analytics Professional Certificate and applied SQL, Python, and Tableau to real datasets, with a focus on data cleaning, exploratory analysis, and turning findings into clear, actionable recommendations.

EDUCATION

University of Chakwal

BS Computer Science — Expected 2028

Currently in 5th semester · CGPA: 4.0/4.0

Relevant Coursework: Data Structures & Algorithms, Database Systems, Probability & Statistics, Discrete Mathematics, Linear Algebra, Operating Systems

SKILLS

Programming & Querying: Python, SQL, R

Data Analysis & Visualization: Pandas, NumPy, Matplotlib, Seaborn, Excel, Tableau, Power BI

Tools & Platforms: Git, GitHub, Jupyter Notebook

PROJECTS

NYC Yellow Taxi 2017 — Exploratory Data Analysis

Python, Pandas, Matplotlib, Seaborn

Analyzed 22,699 taxi trips using the PACE framework, finding a strong distance-fare correlation ($r = 0.767$) and a 35.5% no-tip rate, delivered as separate technical and executive reports.

Cyclistic Bike-Share Case Study

R, tidyverse, dplyr, Tableau

Compared member vs. casual rider behavior in R and Tableau, translating usage patterns into four actionable marketing recommendations for membership conversion.
